

# Instructions for Registering on Pink Pearl Writing Blogs

For Jewel Noir, the blog for Pink Pearl Writing, we do require that anyone wanting to post comments must register and log in before doing so. This helps to maintain the integrity and legitimacy of the comments. The process is straightforward:

## How to Register

1. At the bottom of the blog post, you will see two options:

“Click here to log in and post a comment” or  
“If you don’t have a login, click here to register.”

If you are commenting for the first time, please choose the option “click here to register”.

2. Once you click on the link, you will be presented with a form to enter a minimal amount of information. Please fill in all the boxes:

Email address: Enter the email address you want to use as your login. This address will never be shown on the blog comments, nor will it be shared with any other commenters.

User Name: Enter a name you wish to use to identify yourself in the comments. You do not have to use your real name. You can use an alias such as “Light Man 23”, “Pink Lady 1”, “Boba Lover”, etc., but please be respectful on your choice of names.

Password: Choose a password you want to use to log in.

Verify Password: Enter the same password again just to confirm that there were no spelling mistakes.

3. Once you have entered the information above, check the box “I’m not a robot” and respond to the prompts to verify that you are human.
4. Click “Submit”. A message at the top of the form will appear saying that an email has been sent to you with a link to click on to verify your identity.
5. At this point, close the tab in the browser that shows the form and message (the email you receive will have a link that will re-open pinkpearlwriting.com in a new tab).
6. Look for an email from [contact@pinkpearlwriting.com](mailto:contact@pinkpearlwriting.com) with the subject line “Your verification is requested”. You may need to check your spam folder as well.
7. Open the email and click on the link. This will take you to the pinkpearlwriting.com login page. Log in with your new email address and password. Be sure to check the box to confirm that you are not a robot.
8. Once you log in, you will be taken to the blog page with a comment box where you can now post a comment!
